Foreword

Welcome to the 2020 Index of Shops and Amenities. This new edition has been updated and replaces the 2018 edition.

This edition is coming out during 2020, a year like none other that I can remember. What has been striking during these months has been the support local businesses have given to residents. You will have used local businesses far more as movement has been restricted and this has been positive for both you and the businesses. We all hope that you will continue with this support now that restrictions are being eased.

I would like to thank the Index Working party, particularly Cllr Rosalind Bolton who chaired the group. Kate Skinner, our Administrative Assistant, is to be warmly thanked for the work she has done on the publication. I would also like to thank the councillors and residents who have delivered this booklet across the parish and the Wellesbourne Photo Group for the photograph on the front cover.

The Index has a long history dating back to 1972. It has, over the years, proved to be invaluable to residents and is supportive of local businesses. The fact that it can be given free to all households in Wellesbourne and Walton is because it is fully funded from income given by the advertisers.

Every effort has been made to ensure that the information in the Index is accurate. If, however, there are any errors or omissions do please contact the parish council office.

I trust that you will find this Index helpful during the coming years.

A handwritten signature in black ink, appearing to read 'Anne Prior', with a horizontal line underneath.

Anne Prior
Chairman, Wellesbourne and Walton Parish Council.

Emergencies can affect the village with little or no notice

Being prepared can help reduce the effects on your life and your loved ones; reduce the need for support from others and enable you to support the vulnerable in your community. Disruption to essential services such as water, gas and electricity, regional and national travel and telecommunications are all ways an emergency can affect our everyday lives.

A crisis happens when we least expect it

Be Ready.....

**Wellesbourne &
Walton**

This booklet is prepared by Wellesbourne & Walton Parish Council (WWPC) to provide clear practical advice to help you, your family and your business prepare for and respond to an emergency. A lot of the information is common sense, but it has saved lives in the past.

All the responding agencies in Warwickshire work hard to make sure that they are as prepared as they can be in the event of an emergency. In the first stages of an emergency, the priority will be to protect life and property wherever we can, and then to help communities recover as quickly as possible. Sometimes a major emergency will only affect one area of the community, at other times it could affect a wider region.

Whatever the extent, WWPC will work closely with the media and ensure social media and relevant local websites are kept up to date, so that you can assess any likely impact on you and your family.

Regardless of how much planning we do however there is likely to be a time delay in the emergency responders getting to the scene of an emergency or for emergencies which affect a large geographic area they simply cannot be everywhere at once. Therefore it is important that you, your family, businesses and local communities are prepared.

Events that could happen:

Weather related (flooding, storms, heavy snow, heatwave)

Public safety (fire, unexploded bomb, terrorism, explosion, chemical)

Disease (pandemic flu or animal disease)

Major transport incident (roads, Wellesbourne Airfield)

Loss of essential services (electric, gas or water)

MAKE A FAMILY PLAN

YOU & YOUR FAMILY SHOULD DETERMINE

- ☐ A designated place to meet up
- ☐ A family contact outside of your local area who would not be affected by a local disaster

TEACH YOUR KIDS

Your children may need to act in an emergency. Make sure they know the following info:

- ☐ Basic personal info to ID themselves if you get separated
- ☐ Home number
- ☐ How to dial **999**
- ☐ Family's meet-up location
- ☐ How to reach the family's out of town contact

Communication systems are often unreliable during emergencies. Be sure to have a back-up plan.

- ☐ All family mobile phones should have an ICE (In Case of Emergency) programmed in the contacts
- ☐ All family members should be programmed in including the out of town contact
- ☐ Text Messages often get through even when a phone can't

In case you need to survive a couple of days at home without power, or need to leave your property in a hurry:

STOCK UP AT HOME

- ☐ Torch and Radio with spare batteries
- ☐ Phone charger (wall & car) with spare power pack
- ☐ First Aid kit
- ☐ Medication
- ☐ Warm clothing
- ☐ Toiletries
- ☐ Baby supplies, nappies, milk
- ☐ Keys for house & car
- ☐ Blanket / sleeping bag
- ☐ Money
- ☐ Can opener
- ☐ Bottled water, ready to eat food supplies E.g canned food & energy bars
- ☐ Pet supplies including pet food, dog lead or pet carrier, vaccine certificate
- ☐ Important documents: passport, birth/marriage certs, house insurance

OUR FAMILY EMERGENCY PLAN

This plan has been designed to help you and your family prepare for an emergency. Hopefully, it will help you to consider the potential dangers in and around your home and put actions and a plan in place to help you stay safe and resilient.

WHAT ARE THE POTENTIAL DANGERS?

Discuss the dangers you could face. These could include fire, severe weather, floods or other possible emergencies. What action will you take in response to each situation? Put details in the plan below. If you need some help or are unaware of the risks posed around your home, please seek guidance from Wellesbourne & Walton Parish Council.

DANGER	ACTION
Fire	Have you got a plan to evacuate the house? Do you have items to extinguish small fires? E.g. fire blanket or extinguisher
Flood	Have you checked the Environment Agency Flood Warning Service to know your risk of flooding? Have you signed up to the free flood warnings? Have you got flood defence measures on standby for your home?
Snow	Do you have to travel? Have you got a winter travel pack in your car?

GO IN

STAY IN

TUNE IN

Generally - If the danger is outside – You will be asked to

- Close all windows
- Stay there until you are contacted by the emergency services or are told that the emergency is over
- Tune in and listen to the local radio or TV news for updates on the situation
- It may not be safe to collect children from school. Don't panic, schools have emergency plans so pupils will be cared for

If the danger is inside, get out, stay out and call the Emergency Services 999

EVACUATING YOUR HOME

If you need to evacuate, Rest Centres will be provided where you will be safe. Take your Emergency Grab Bag. If you make your own plans, let someone know you are safe.

ALWAYS FOLLOW INSTRUCTIONS FROM THE EMERGENCY SERVICES
