

# Your local, family run accountants

### Your financial matters sorted

Cooke Watts & Co is a family run firm of chartered accountants in the heart of the Warwickshire community. A combination of local knowledge and decades of experience means that we're able to provide dedicated accounting and tax support to local businesses.

We are based in Kineton, with an additional office in Shipston-on-Stour. We specialise in small and medium sized businesses in all industries, from retail to manufacturing to service based businesses. We know that no two businesses are the same and therefore provide a personalised service depending on their requirements.

We believe that accountants should deliver three things; make your life easier, provide peace of mind that your financial matters are managed and help you to grow. We offer a full suite of services to achieve this, from statutory accounts to taxation services, bookkeeping and payroll to management accounts.

- Limited Companies
- Sole Traders & Partnerships
- Personal Tax
- VAT
- Bookkeeping
- Payroll & Auto-enrolement
- Online Software & Training

### Get in touch

To discuss your requirements, we offer a free no obligation meeting either at our office or yours.

### **Foreword**

Welcome to the 2023 edition of the Index of Shops and Amenities. It was intended to issue this edition in 2022 but various factors hampered this. However, it is good to see it again this year.

When I wrote the Foreword to the 2020 edition following the pandemic I said: "You will have used local businesses far more as movement has been restricted and this has been positive for both you and the businesses. We all hope that you will continue with this support now that restrictions are being eased." It has been good to see how your continued support for local businesses and services has meant that many businesses have survived the last few years. We hope that this will continue to be the case going forward.

I would like to thank the Index Working Party, particularly Cllr. Rosalind Bolton, who continues to be the driving force behind this and also Kate Skinner for the work she has done once again. We are grateful to Wellesbourne Photo Group for providing the cover picture. We are dependent on a band of willing residents and councillors who have delivered this through your door and I would like to thank them for their continuing support.

The Index has a history going back to 1972 when it was a project by the Cubs in the village. The Council took it over shortly afterwards when it was issued every four years. Its issue every two years began in the 90's probably, although the history is a little vague. Changing it to every two years and more recently having a copy on the website which can be updated, has increased its use to residents and is more supportive of the local businesses. It is also an exceptional resource as it can be given free to every household in the Parish as the cost is covered by the advertising contained within it.

Every effort has been made to ensure the information is accurate. I would, however, point out that as this goes to print, the names of Parish Councillors and District Councillors are correct but as there are elections this year, they may change after May. After the election, the names of everyone elected will be on the website.

If you feel that there are any errors or omissions, please contact the parish council office.

I trust that you will find this Index useful in the coming years.

Anne Prior

Chairman, Wellesbourne and Walton Parish Council
